

**A SOLUTION**  
for Your  
Unrepairable  
Recorder

We're starting to see recorders that cannot be repaired due to part obsolescence. If your paper recorder fails and you wish to continue using your Test Press, Pine has a **digital recorder replacement** available. Otherwise, Pine will continue to repair 850 Test Press recorders to the extent possible and to provide chart paper and pens.

## 850 TEST PRESS DIGITAL RECORDER

- All data is captured electronically (no paper or pens)
- All data can be transferred to a computer via USB flash drive
- All data is stored internally for the last 20 tests
- Peak Stability and associated Flow are displayed at end of test
- Real-time graphing of data on PC
- All loads from 0-10,000 lbs are run in one range (no range switch)
